

PORTICO

Carol,
I wish you all
the luck this world
could give you. Good
luck on you D.T. I'll need
plenty on mine!!!!

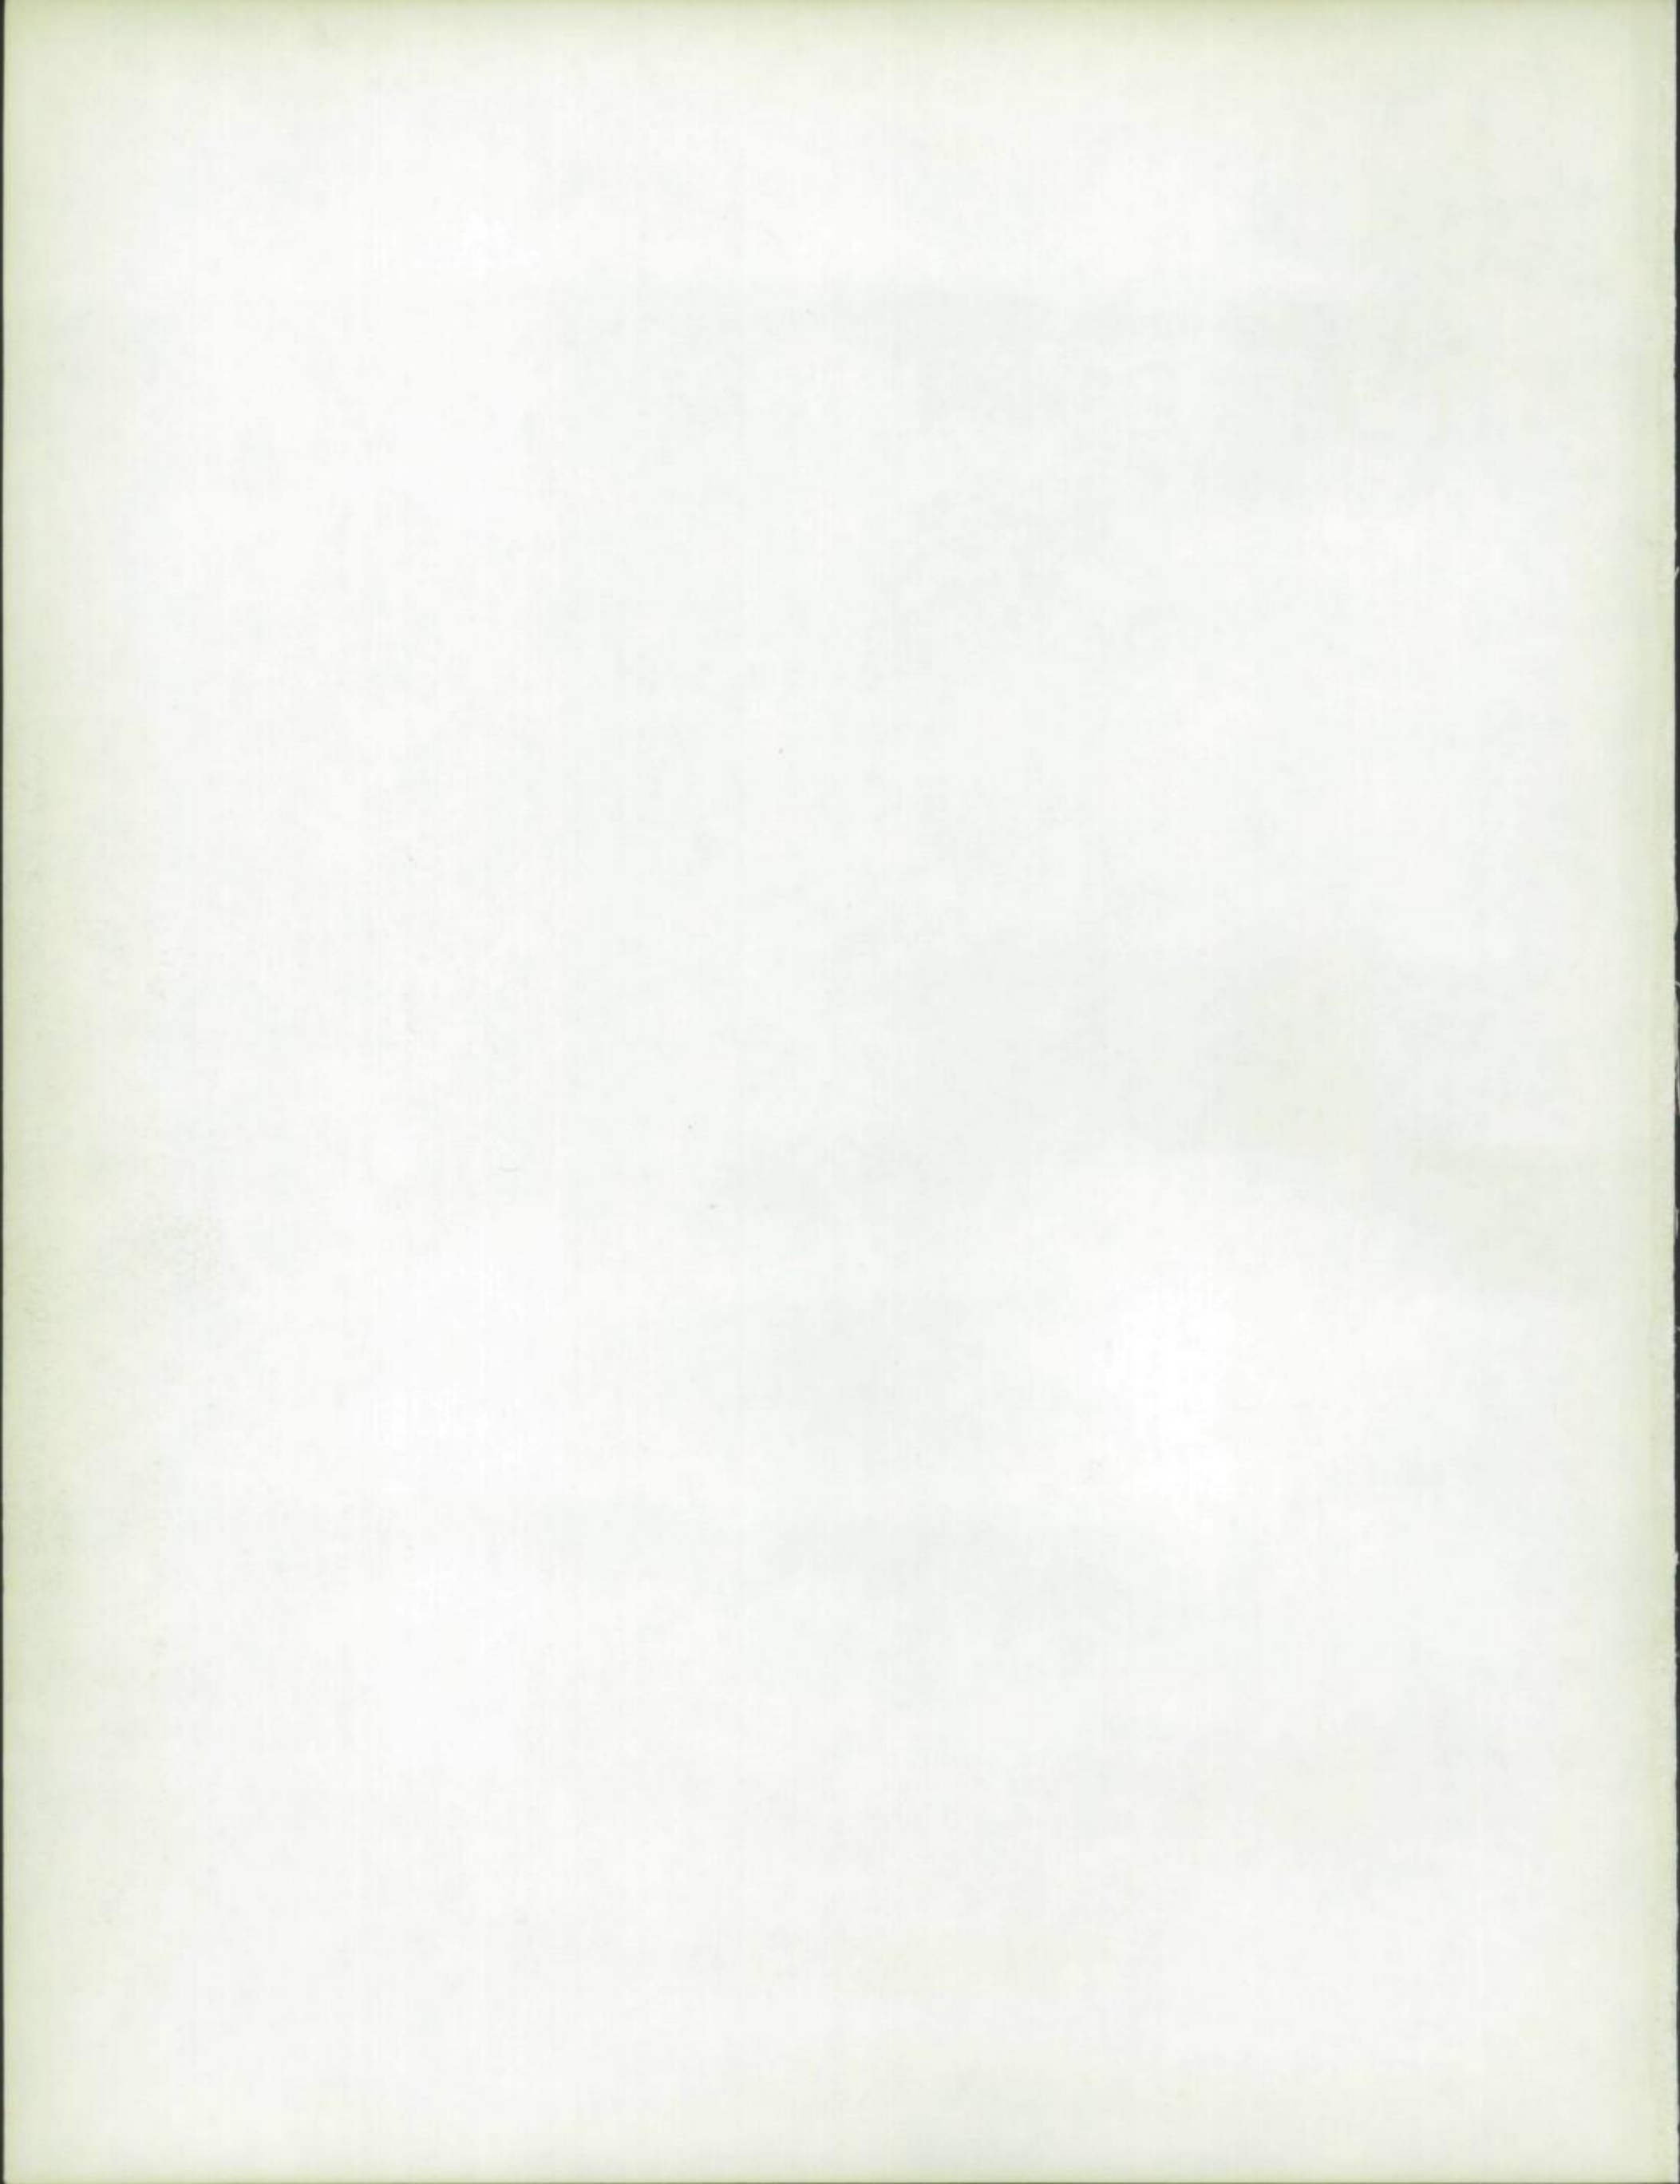

Love
Schatzie
"66" ← yea!!!!

Carol,
Best of luck
in future years.
And may all your
dreams come true.
Be good.
Nancy '66

Carol
Best of luck
in future years.
And to a nice
kid,
Mary Ann

Carol,
Remember Spanish class
and all the kids. Good luck
in all you do.

THE PORTICO

Volume II, Edition 3

Roy C. Ketcham Senior High School/ Wappingers Falls, N.Y.
Ben F. Ingraham, Principal/ May 1965

CLASS OF '65—25th

ROY C. KETCHAM SENIOR HIGH SCHOOL

During the last twenty-five years the Wappingers Central School District has been expanding at a rapid rate, until the district has become the largest in the area. There are six times as many seniors now as there were in 1940. To meet the changing needs of the students, the system has continuously added teachers, administrators, courses, classrooms, and extra-curricular activities. One of the most significant additions was the new Ketcham High School in 1962. The Class of '65 has the unusual distinction of being the last class to attend high school in the old "central" building as well as being the twenty-fifth class to graduate from the Wappingers Central School District.

This quarter century of growth and change, however, has not, in essence, changed the interests and activities of the students themselves. They are basically the same. The poem "Cheer the Class of 1940" printed in The Portico of that year shows this and is appropriately reprinted in this The 1965 Portico. Wappingers still turns out scholastic champions and produces some of the finest sports teams in the area. The students are still exhibiting talent and originality in putting on plays, planning publications, participating in civic projects, or just enjoying themselves.

The Class of '65 has indeed played a large part in carrying on the traditions of W.C.S. On the following pages are excerpts from Wapperian headline articles about the activities of the senior class. As we think back over the last two and half decades, we can be proud of our fine school system and look forward to continued excellence at Wappingers.

GRADUATING CLASS OF W.C.S.

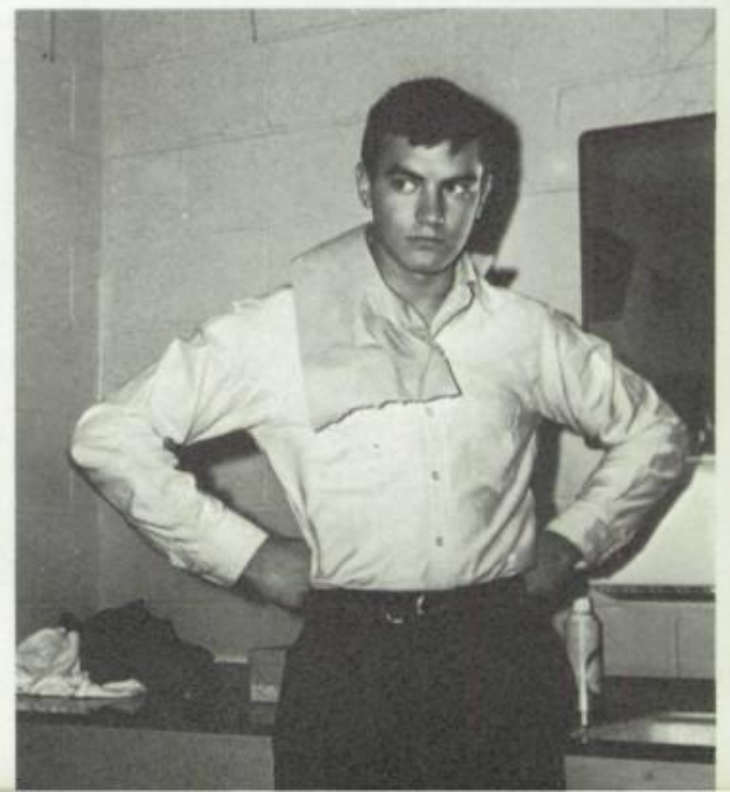

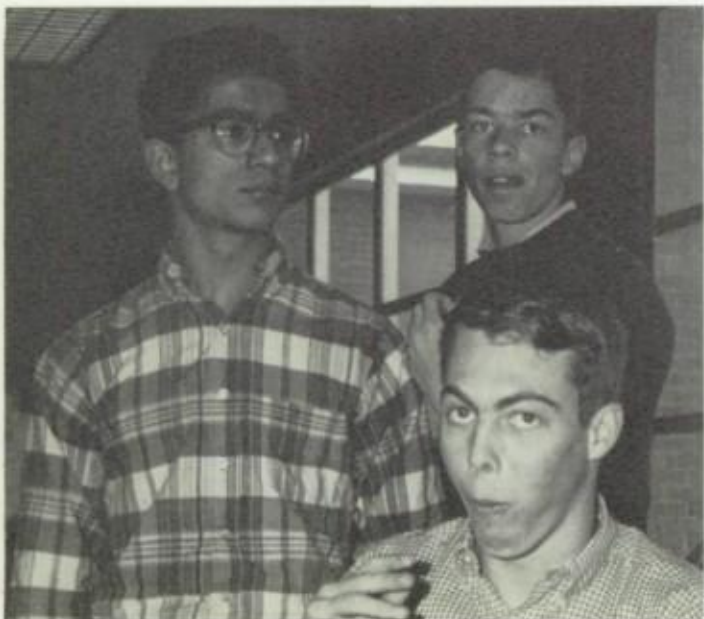

'65 PLANTS FIRST SOPHOMORE TREE AT KETCHAM

On an overcast and cloudy, unpromising day, one of Ketcham's most promising classes planted its sophomore tree. They pulled up roots at the old school, and became RCK's first sophomore class. President Pete Philips dug the first spadeful of Ketcham dirt to continue an old tradition in a new location.

"Cheer The Class Of '40"

Give three cheers, give three cheers,
Is what the class of '40 hears.
Our scholastic records show
That there's nothing we don't know.
We won championships galore
On the diamond and court floor.
We got commercial prizes too,
And it wasn't hard to do.
At our proms and senior play
We stole honors all the way.
We changed old to new,
And our printed paper grew.
As our graduation theme
We shall have a pageant scene,
The new school will open soon
For commencement day in June.
We all came shining through
For the loyal red and blue.

Elizabeth Frost, '40

Few people have earned the distinction of having served the Wappingers school system in various capacities for thirty-eight years, as has Miss Georgianna L. Gurney. Miss Gurney started teaching history and freshman English in Wappingers Falls High School in 1927 and later served as vice principal of that school. When the new Wappingers Central School opened in 1940, Miss Gurney became Director of Guidance, a position she has held for twenty-five years.

More than a teacher and counselor, Miss Gurney has served as president of the Mid-Hudson Branch of The National Vocational Guidance Association, has

been active in the Parent Teacher Association, and advisor for the National Honor Society. During her active and varied career she has endeared herself to her many administrative and faculty associates as well as her students. Her quiet, patient understanding has, at one time or another, guided and influenced practically every student who has attended Wappingers Central School.

Speaking for all of her friends and associates, we wish for her many happy years of retirement. The memory of these years of dedicated service and accomplishment should truly be a gratifying reward.

This year the fortunes of Ketcham High hit a new peak in athletics. In addition to our first-place cross country team, we had a championship football squad. Winning a tie for first place, the Indians stacked up 140 points and completed some outstanding passes and they have a trophy proving that they are one of the best football teams in the history of the school.

Attendance at games soared as exulted Indian fans filled the bleachers to watch our team win victory after victory. As

school spirit and excitement grew, our boys gained extra steam and established some memorable individual and team records. Two of the squad were selected all-county players.

Coach Lynn feels that spirit and co-operation make for winning action, and there was certainly plenty of that. This is evidenced by the fine coaching of Ken Lynn and his assistant, Ralph Paonessa. We are proud of the sportsmanship and accomplishments of our champions on the gridiron and off.

Cross Country County Champs

Joe Hansen

Cross Country is one of the newer sports at Wappingers. Although the team has been active for only three years, its members already hold the distinction of being among the finest in the Hudson Valley. The boys found that the many long and hard hours spent in training were not in vain, for they earned the DCSL Cross Country Championship with a record of four wins and no losses. Coach Shatzle played a vital role in building the championship team and commended the boys for their enthusiasm: "This year's team did all that was asked of them and more." "Speed with depth" was the keynote to victory as the boys in blue captured top honors at all their meets. We look for continued success and increased popularity for our Cross Country team.

DOCTOR...

LAWYER...

INDIAN CHIEF...

...When you were a child, "grownups" used to ask you,
"What are you going to be when you grow up?"

Chances are, people ask you a similar question now that
your high school graduation is approaching. Only they no
longer add the "when you grow up," and not much time is
left now for changing your mind.

What will you be?

The choice largely is yours. You have reached the age of
looking at yourself, weighing your abilities, investigating
your opportunities and then, after careful consideration,
deciding just what goal or goals you will set out to attain.
Your goals can be very specific like, "I will be a hotel chef,"
or very general like, "I will study liberal arts at a college."

The important thing is that you realize this: the decisions you
make now will affect the decisions that follow. You are
choosing a direction for your future — a future which, without
direction, probably would be wasted. So it is very important
that you give this decision your very best attention. You must
look realistically at yourself and at the opportunities available
to you.

If your search for direction is realistic, your answer probably
will be too: you not only must, you will find the direction
best for you... What will you be? You will be on the right
track.

One sure sign of Quality. . .

Quality is, according to our dictionary, a characteristic, a property or an attribute. One recognizes characteristics through experience, through familiarity. The sign you see portrayed above is recognizable because of the name upon it . . . the experience of our thousands of customers over the years has been that the name Linge means quality in lumber and building supplies. This is a fact well worth remembering.

*R. H. Linge, on the New Hackensack Road
